# ATTENTION: *STORE PERSONNEL*

## **Perishability and shipping details for these Raw Cultured Vegetables:**

These fresh live cultured vegetables survive fine in transit. However, for maximum marketability and shelf life, please stock in your refrigerator at a good cold non-frozen temperature immediately upon receipt. The minimum expansion and longest shelf life occur when refrigerated to a cold temperature just above freezing, like 34° immediately upon receipt.

**PLEASE REFRIGERATE THIS LIVE FOOD AS QUICKLY AS POSSIBLE!**

**Please do not allow to sit out at all. DO NOT FREEZE! Thanks**
