Fresh, All Raw, Organic

LIVE CULTURED KETCHUP

We're Excited to Bring You Two Varieties of Live, Raw, Cultured and 100% Organic Ketchup.

These delicious ketchups are among the richest sources of enzymes and lactobacillus (including acidophilus) available. Other ketchups have been heated, eliminating life-producing enzymes from which our bodies, our health, and our immune systems function. While mass-produced ketchups are eaten worldwide, these unique, pure, handcrafted, Raw Ketchups offer superior flavor, living microflora, high-fiber and rejuvenating health benefits of naturally cultured tomatoes.

An all raw delicious cultured blend of tomatoes, onions, beets, lemon juice, health salt and spices gives these two Live Ketchups their exceptional fresh flavor; low fat, gluten-free, GMO-free, fresh and pure! We always strive to maintain life energy and preserve vital nutrients in our foods by using the highest quality ingredients, while ensuring they taste fantastic!

LIVE KETCHUP BENEFITS:

- ★ Provides probiotics and enzymes for improved digestive health.

The Company: A pioneering trendsetter of the living foods industry, Rejuvenative Foods has been supplying raw cultured vegetables to the natural foods marketplace since the early 1980s. We then expanded to offer an extensive line of raw, organic, low-temp ground nut and seed butters, fresh pressed organic oils, dessert butters, antioxidant-rich teas and chocolates. Rejuvenative Foods now presents this innovative new line of chocolate options to satisfy your discriminating taste and your commitment to healthful living. For 30 years, Customer Satisfaction has been a top priority at Rejuvenative Foods.
