Organic Live Salsas from Rejuvenative Foods

Raw, organic, cultured vegetables are one of the richest sources of enzymes and lactobacillus (including acidophilus) available. Beyond simply being raw, our unique salsas are live, providing our bodies with life-enhancing enzymes and microflora to boost overall health, and immune systems function. These Raw Cultured Salsas contribute to longevity while adding delicious live zing to meals. Available in Red (Hot); Golden (Medium) and Green (Mild).

Sold refrigerated. Nature's functional, food! 100% organic, vegan, probiotic, GMO-free, gluten-free, high-fiber and low-fat. A time-tested super-food!

Fresh-Dated RAW Organic Refrigerated Nut & Seed Butters: Almond Butter, Sesame Tahini and Hempini Hemp Seed Butter.

Rejuvenative Foods Nut and Seed Butters have more retained life energy because of the care we put into creating them. We use fresh, organic, raw nuts and seeds and slow grind them repeatedly to avoid high temperatures, which we monitor during grinding. Vitamins and minerals are retained because we then refrigerate them immediately

Sold refrigerated. 100% organic, vegan, probiotic, GMO-free, gluten-free, high-fiber, low-fat. and packed with nutrition!

GMO-free, gluten-free, high-fiber and low-fat. A time-tested super-food!
