Net Wt. 454 Grams

**INGREDIENTS:** Cabbage, Beets, Carrots, Lemon juice, Dill, Garlic. *Eat this • Feel Better or your money back! (see our web site).*

**What is this product?** Fresh, raw vegetables that are ground up, put into a stainless steel container and left to culture for 5-7 days. No water, salt or vinegar is added. We make this Vegi-Delite fresh year-round. Therefore from batch to batch the taste, color and juiciness are different. This Live Zing Salad is cultured and not pasteurized, therefore it has healthful lactobacilli (a microflora, naturally implanted by mother's milk, normally present in a healthy human digestive tract) and enzymes that create a characteristic cultured aroma and that may cause expansion. If it expands, it's still great. Just keep it refrigerated - but do not freeze. These delicious, nonheated, raw, cultured vegetables are one of the richest sources of healthful lactobacilli (including acidophilus) and enzymes available. Add delicious, Live Zing to meals. **TO PROLONG QUALITY:** Keep as cold as possible (don't freeze). Use spoon to keep surface of product flat; don't leave holes. **SERVING SUGGESTIONS:** Serve with or on: Rice or rice cakes with raw almond butter (or other nut and seed butters or mixtures), tortillas, avocados, vegetables, salads, seeds, nuts, grains, pizza, eggs, potatoes, meat, sandwiches & omelettes. This fresh Vegi-Delite mixes nicely with starches, proteins & vegetables. Babies love a little of the juice from this Vegi-Delite on a spoon.
